

## ATLANTIC FLEET DROPS ANCHOR IN THE HUDSON

Return Home After  
Winter Training in  
Cuban Waters

REVIEWED BY  
SEC. DANIELS

NEW YORK, May 1.—Headed by the flagship Pennsylvania, with the flag of the secretary of the navy flying at the main masthead, nearly three score of the Atlantic fleet dropped anchor in the Hudson river today, home from three months' training in Cuban waters.

Eight great super-dreadnaughts and a swarm of swift destroyers rode at their moorings tonight, filling the river anchorage for miles, but more than half the officers and crews were ashore, enjoying 48 hours of liberty. Afloat their comrades gazed longingly toward the city, awaiting their turn ashore.

When the fleet steamed in past Ambrose light, early this morning, the Pennsylvania carried the three highest officials of the navy. Besides Secretary Daniels, who boarded the ship off the Virginia caps yesterday, Admiral Coontz, chief of naval operations, was a guest of Admiral Wilson, commanding the Atlantic fleet, and senior commander of the sea forces.

On the way up the harbor Mr. Daniels spoke by radio telephone to a crowd in Times Square, where amplifiers had been set up. At first, constant interference by amateur wireless operators broke up the novel greetings, but ultimately the navy radio experts made good their promise and the secretary's words were plainly audible.

In a statement regarding the work of the fleet, Admiral Wilson said he felt much of value had been accomplished. "Officers and men," he said, "were confronted with many difficulties. An unusually large proportion of the crews were comparatively untrained and to carry on the work of the ships and the fleet and to train these men brought an excessive amount of work on the officers and older men."

"It is with pride that the commander-in-chief looks on the results obtained. The target practice was, in most respects, all that could be expected under the conditions. The teaming trials have resulted in steady improvement in the ability of the ships to steam."

## LAWYERS FAVOR ELECTIVE JUDGES

CHICAGO, May 1.—Elective, rather than appointive judges were favored by speakers before the judiciary committee of the constitutional convention which met today to consider the proposed plan of the lawyers' association of Illinois for organization of the courts under the new state constitution.

Among those who spoke were Judge Marcus Kavanaugh, who said: "The judge should face the people, his constituents about once every six years."

He urged retention of the present \$10,000 a year salary for judges. The lawyers' association proposed would increase the supreme court from 7 to 9 members, provide four appellate court districts and consolidate into one court all courts inferior in jurisdiction to the appellate court.

## FORMER COMPTROLLER OF CURRENCY DIES

Baltimore, May 1.—William Barrett Ridgely, comptroller of the currency from 1901 to 1908, died at a hospital here last night from a sudden complication following an operation. His wife and other members of the family were at his bedside. The body will be taken to Springfield, Ill., where he was born, for burial. He was 62 years of age.

## SEC. NO. BRAVEST YANK WEDS

Baltimore, N. Y., May 1.—Frank J. Tney, termed the second bravest soldier in the American army in the war, was married here today to Marie C. Georgan, a nurse. He was awarded a Congressional medal of honor, the Croix de Guerre, the Medaille Militaire, the British distinguished service medal and the Montenegrin honor medal. He met Miss Georgan while at a hospital recovery from the loss of an arm and gas.

## REFUSE DIAMONDS

## BRITISH ATHLETES SCORE BIG VICTORY AT RELAY CARNIVAL

Oxford-Cambridge Half Miles Carry off Two Mile Relay in Record Time

PHILADELPHIA, May 1.—English 'varsity runners scored an international triumph today when the combined Oxford-Cambridge University team of half milers defeated leading American college quartets in the two mile championship relay race of the University of Pennsylvania's twenty-sixth annual relay carnival. Forced to run at a terrific speed by their competitors, the visitors took the lead in the third quarter and finished in a new world's record time of 7 minutes, 50 2-5 seconds.

The four runners, W. G. Tatham, Cambridge; H. B. Stallard, Cambridge; W. R. Milligan, Oxford; and B. G. D. Rudd, Oxford, clipped 2 3-5 seconds from the previous record jointly held by the Irish-American A. C. team, and the Yale University quartet.

Pressing against the English team were Pennsylvania, Illinois, Ames, Cornell, Yale, Notre Dame and Massachusetts Tech. At the close of the first circuit of the 440-yard track Mayor of Cornell was setting a fast pace with Spink, Illinois, second. In the second half mile Stallard of Cambridge, the real hero of the race, began a sprint which landed him in second place. The Englishman lengthened his stride, shot into the lead and finished the mile with a margin of about eight yards over Stanton with Schubb, Illinois, third. Stallard collapsed as he crossed the line. He quickly recovered.

Milligan of Oxford increased the lead Stallard gave him and was leading by 30 yards over Abreu, Cornell and Emery, Illinois at the mile mark. The latter made a game try and fought his way into second place about ten yards behind Milligan at the final half mile.

Rudd, of Oxford, set out to widen the gap between Yates, Illinois, finalist, and drew away rapidly until it was evident that nothing but an accident could prevent him from winning. He was fully forty yards in front of Yates when he broke the tape at the finish. The average time for the four English half milers was 1 minute, 57 3-5 seconds. Rudd ran the first half mile in 1 minute, 54 3-5 seconds, 2 2-5 seconds above the world's record held by Meredith of Pennsylvania. Next to the two championship races chief interest centered in the one and four mile American college relays. The one mile event was won by Pennsylvania.

The four mile relay went to Pennsylvania State College team. The field events were sharply contested but no records were broken.

## BARGE TRAFFIC ON MISSISSIPPI REVIVED

ST. LOUIS, May 1.—What was said to be the largest river shipment of freight from St. Louis since the revival of barge traffic on the Mississippi in 1918, left today six barges, carrying approximately 5,000 tons of merchandise clearing for Memphis and New Orleans.

It was said that 250 cars would have been required to move the freight had it been sent by rail. Five of the barges are going to New Orleans with freight for transshipment to Europe and South America.

The yardmen's strike, according to shipping men, is responsible for the activity characterizing water traffic.

## MAY DAY IN ROME PASSES QUIETLY

Rome, May 1.—The only May day disorder so far reported occurred at Turin, where the demonstrators tried to force their way toward the center of the city and attacked the royal guards with revolvers and hand grenades.

Several guards were wounded but repelled the attack, killing two and wounding several in the crowd.

## POINDEXTER WITH- DRAWS IN OREGON

## ORGANIZED LABOR IN MEXICO JOINS REVOLUTIONISTS

Official Details of Labor Movement Not Available

LEADERS WATCH DEVELOPMENTS

AGUA PRIETA, Sonora, Mexico, May 1.—Organized labor in Mexico has cast its lot with the revolutionists, according to authorities, tonight.

Already 6,500 armed working men have joined the new movement, the statement said. It was intimated at military headquarters official confirmatory details of the labor revolutionary movement would be available soon.

There were few other military developments received today by General P. Elias Calles, commander of the revolutionary army of the northwest.

While developments in Juarez, Chihuahua, were being watched, no news that the garrison at Juarez had definitely joined the revolutionary movement had been received here late tonight.

## Urges Carranza to Resign.

Washington, May 1.—President Carranza was advised by his generals at a conference a few days ago to resign in favor of an interim whom he or congress should appoint, according to dispatches tonight through official channels.

Carranza refused, the dispatches said, but agreed to withdrawal of the presidential candidacy of Ygnacio Bonillas, ambassador to the United States and to the sending of a commission to negotiate with revolutionists.

Arguments for Carranza's resignation were represented by some officers it is said, one being that his surrender would eliminate danger of intervention by the United States.

Federal garrisons at Parral, Jimenez and Camargo, in Southern Chihuahua have revolted and joined the revolution according to a telegram tonight from the general headquarters of the rebel army to the Sonora agent here.

## Will Join Rebels.

El Paso, Texas, May 1.—That the Juarez garrison will join the revolutionists, according to Carranza is assured according to A. M. Elias, brother of P. Elias Calles, commander of the Sonora rebels.

## Officers Released.

Nogales, Ariz., May 1.—Generals Jose Rios and Manuel Gamboa, with their staffs, comprising forty officers, detained here at Nogales, Ariz., by the United States immigration service left today for Apra, N. M., to meet by Carranza adherents in automobiles stationed across the international line there, to be conducted to Mexico City.

## MAY 1 MOVING DAY IN CHICAGO

CHICAGO, May 1.—Altho there were many eleventh hour agreements reported between landlords and tenants a thousands of others went on a "rent strike" today, refusing to vacate apartments, according to leaders in a movement against high rentals. Other tenants unable to find new apartments or obtain moving vans, remained "at home."

Eviction of tenants refusing to vacate due to the high rent situation and the housing shortage was postponed several days by Dennis Egan, bailiff of the court.

Moving companies had one of the busiest moving days in recent years.

Mrs. Elizabeth Viglion obtained permission from a judge to remain in her flat.

"I work to support my three children," she said, "and when I got home last night I found the door had been locked by the landlord. We had to break in."

## INSTRUCTED FOR GOV. COX

Louisville, Ky., May 1.—Returns tonight from 94 out of the 120 counties in Kentucky in which mass conventions were held today to elect delegates to the Democratic state convention here May 4, showed 1,187 delegates had been instructed for Governor Cox, of Ohio, Democratic presidential candidate. Uninstructed delegates totaled 1,080.

## NEW YORK PRESS HOLDS CLUB DINNER

## NEW YORK PUBLISHER PREDICTS TEN CENT DAILY NEWSPAPERS

Views Given Before Senate Committee Investigating News Print Shortage

WASHINGTON, May 1.—Five and even ten cent daily newspapers were predicted today by Frank A. Munsey, New York publisher. Before the senate committee investigating the newspaper paper shortage, he urged drastic reduction in use of newsprint and governmental regulation of the paper and the wood pulp sources.

William Randolph Hearst, another New York publisher, in a letter, advocated 20 or 25 per cent cut in the size of newspapers, but said he believed time for governmental regulation had passed. He urged publishers to double advertising and circulation rates, saying such action would automatically cut the size and number of copies without reducing revenue could not reduce newsprint consumption by regulating pages of papers admitted to the mails, Mr. Munsey said, because scarcely no large city dailies rely on mail circulation.

Mr. Munsey advocated regulations limiting the Sunday edition to the size of the week-day edition—not more than 24 pages.

Mr. Hearst wrote he had cut the size of his papers 20 or 25 per cent without adversely affecting his revenue or causing complaint.

Mr. Munsey said that when spot paper went to 12 cents a pound he ceased buying and relied on contract newsprint, for which he paid five cents.

Asked if it was not "ridiculous" for small country publishers had no spot brokers, buying on the spot market, Mr. Munsey said he believed such was the case, but added that many city publishers were in a similar situation.

## LIVES DUAL LIFE FOR THREE YEARS

MILWAUKEE, Wis., May 1.—Harold Moran, a railroad engineer has lived a dual life for three years, having two wives and two homes which he has maintained on shared on alternate days, it developed in district court today where he was brought on a bigamy charge. His case was continued to May 7 and he was held in bond for \$1,000.

The charge of bigamy was preferred by Anna Hoffman Moran, 23, who is wife No. 2. She is also suing for an annulment of her marriage, performed on Oct. 20, 1917. Wife No. 1 is Fannie Vandars Boran, who was married Nov. 16, 1909.

## BANK CLEARINGS

New York, May 1.—The actual condition of clearing house banks and trust companies for the week, shows that they held \$30,160,000 in excess of legal requirements. This is a decrease of \$4,712,550 from last week.

## RECOUNT OF VOTE IN NEW JERSEY PRIMARY ORDERED

Result of Charges Made by Senator Johnson

WILL BEGIN IMMEDIATELY

NEWARK, N. J., May 1.—Chief Justice William S. Cummer of the supreme court today signed the order for recount of the vote cast in last Tuesday's presidential primary for Senator Johnson and Major General Wood.

The recount will be for the entire state and will begin on May 10 in Essex, Morris, Camden, Gloucester and Cape May counties, where the supporters of Senator Johnson allege that mistakes were made in vote tabulations.

The sum of \$50,000 must be deposited with the secretary of state of New Jersey by Senator Johnson before the recount will begin, to defray expenses entailed by the various county boards in the recount.

The Justice's reason for allowing the recount to start in the first five counties, he said, was to give Johnson supporters an opportunity to abandon the contest should it be shown by the recount in these counties that the result was not materially changed.

## TWO BANDITS IN DARING ROBBERY

NEW YORK, May 1.—Two bandits, who today robbed a drug store here robbing the proprietor, salesman and customers in the store, then they fled in a free advice while robbing them.

Producing a revolver, and "breaking" it to show it was loaded, one bandit got the salesman into a state of mind in which he unbuckled his wrist watch for the convenience of the robbers.

In inspecting this victim's possessions the robber found a union "I see you are a union man," he said.

"Yes," was the reply.

"Do you make much money?" "No, I earn little."

"Then why don't you get into this business?" asked the bandit. "It's easy work and profitable."

To prove his assertion he reported the men of their valuables and \$200. On leaving the robbers informed a woman who was about to enter that the store was closed for the day.

## LOWDEN CLOSES INDIANA CAMPAIGN

GARY, Ind., May 1.—Successful self government in the smallest political unit is the only guaranty of successful self-government in a country such as the United States Governor Lowden Lowden said here tonight.

The petition for allied incitement of government is breaking down in America, he said.

"More and more frequently the village, the town and the city find they cannot maintain order without outside help."

"Whenever town permits the due and orderly processes of government to be interrupted by a mob that becomes a liability. For multiply that town by a sufficient number and you have a situation in which only an army can rule. And no self governing country was ever ruled successfully by force of arms."

## QUIET IN NEW YORK.

New York, May 1.—May Day passed without disorder, bombs and bloodshed in New York or the east. Not since 1914 has there been this city been so quiet under such heavy guard. The police force of 11,000 was held ready by federal agents to keep extremist leaders under surveillance. Ammunition was issued to troops at Governor's Island and preparations made to call out the state's military forces if needed.

While thousands of boys were marching down Fifth Avenue in a loyalty parade they May Day meetings were being held all covered by federal agents.

One open air gathering of Socialists with the police occurred last year.

## MONTANA VOTE CANVASS

Helena, Mont., May 1.—The state board of canvassers after completing the canvass of returns from fifteen counties in Montana's presidential preference primary April 23, announced tonight that Senator Hiram W. Johnson was leading Major General Leonard Wood by 1,192 votes and that Governor Frank O. Lowden was third; Herbert Hoover, fourth, and Senator W. G. Harding fifth.

## DIES AFTER 126 YEARS OF LIVING

Grand Island, Neb., May 1.—Thomas Morris, aged 126 years died this morning at the home of Charles Mitten, ranchman, eight miles northeast of Ansley, Neb. He was born in Berren, North Wales, January 15, 1794. The aged man never married and followed the profession of a cobbler for one hundred years. He came to this country in 1871, locating at Streator, Illinois, and moved to Custer County, Nebraska, in 1886.

## THREE KILLED, MANY WOUNDED IN MAY DAY DISORDERS IN PARIS

Expected Declaration of Nationwide Strike in France Not Carried Out

PARIS, May 1.—May Day passed with small riots and disorders, in which at least three persons were killed, one a woman and many wounded, but without declaration of a nationwide strike, which union workers expected from the general federation of labor.

The federation issued a statement urging nationalization, but not referring either to a continuation of the strike or a return to work after May Day.

Railroaders announced that their strike to be continued to effect force nationalization, is already 50 per cent effective. Government officials today were not far from normal on certain lines. This afternoon however, when night services on the northern and eastern railways began, it was found all workers were at their posts, indicating the railroad strike will have failed by Sunday or Monday.

Twenty seven police were wounded, three seriously, and many were bruised. The woman, Madame Le Gros, was hit by a spent bullet while at a window watching the rioting in the Place de la Republique. She died this evening. More than 100 persons were arrested.

The coolness and bravery of students who volunteered to run motor omnibuses occasioned much applause but their efforts in breaking up the transportation strike were the primary causes of most disorders. In the Place de la Republique they, at times, drove through hostile crowds who threw stones and broke windows of the buses, but they continued the service.

Two members of the chamber of deputies, M. Vaillant-Couturier, whose prosecution is sought by the government for alleged incitement of the military to disobedience and E. Blanc, wearing a deputy's tricolor sash and a red tie, were wounded in a collision with the police.

A majority of the crowds seemed mainly interested in amusing themselves without risking getting into trouble.

The labor federation's report from the provinces estimated that the strike was about 50 per cent effective.

## ORDER AGAINST CHIROPRACTORS

SPRINGFIELD, Ill., May 1.—On the petition of Attorney General Edward J. Brundage and State's Attorney Benjamin S. Bell of Rock Island county an injunction was granted by the Rock Island circuit court today restraining the Universal Chiropractors' Association of Davenport, Iowa, from operating in Illinois.

The petition was based on information filed by Francis W. Shepardson, state director of the department of registration and education. It is alleged that members of the universal association have been practicing in Illinois without passing the required examination and that the association has provided attorneys to defend members who have been prosecuted for violating the Illinois medical laws. Members of the association are said to have been practicing at Chicago, Peoria, Monticello, Rock Island and Mattoon.

## FAIL TO REACH AN AGREEMENT

WASHINGTON, May 1.—An all day conference by representatives of the anthracite mine workers and mine operators and secretary of labor Wilson failed to bring a wage agreement acceptable to both sides, but negotiations were not broken off. The meeting will be resumed Monday.

The situation was summarized in a statement by the joint scale committee of operators and miners, which said "each side presented reasons substantiating their positions as affecting wage negotiations." No compromise proposal has yet been matured, it was said.

## WILL BE PLACED ON TRIAL MONDAY

Pontiac, Mich., May 1.—Anson Best, 22 year old Flint youth, will be placed on trial here Monday for the alleged murder of Miss Vera Schneider, a telephone operator, a week ago, it was announced late today. Attorneys for the accused man indicated a delay in the proceedings would be sought.

Best, according to Prosecutor Gillespie, confessed that he had strangled the girl at her own request, but the prisoner later repudiated the alleged confession.

## ENDORSE WILSON

Dallas, Texas, May 1.—Scattering returns from approximately 400 precincts on May 1 indicated an endorsement of the Wilson administration by a ratio of six to one as a result of precinct conventions participated in by administration and anti-administration forces in this state today.

## MRS. HELEN B. READ BACK FROM LONG STAY IN WEST

Mrs. Helen B. Read is again in Jacksonville after spending a year and a half in Los Angeles, Calif. She will remain in Illinois for the summer months. During the long stay on the coast Mrs. Read has appeared frequently in concert work and has also engaged in teaching.

## MAY DAY PASSES IN U. S. WITHOUT ANY BLOODSHED

Police and Government Officials Watch Radicals Closely

MANY STRIKES ARE CALLED

CHICAGO, May 1.—May Day passed quietly in the central states and far west, virtually no disorder being reported altho officials had prepared to deal with threatened disturbances. Strikes were called in several cities and mass meetings were held in Chicago and elsewhere, but all were conducted peacefully. Radical literature was distributed in some places and a few arrests were made. While the federal building here was heavily guarded, police and federal agents watched a half dozen gatherings, chief attention was paid to the black belt, where race riots were feared when negro families move into white neighborhoods. Reserve militiamen guarded rifles, ammunition and other government property at an armory in the city and 200 policemen and detectives patrolled the area. No disorder occurred.

A strike of cooks and waiters in several hotels and restaurants and confusion incident to the annual spring moving day when many tenants refused to vacate largely overshadowed May Day developments.

Police continued their roundup of criminal suspects, but Chief of Police Connelley said the arrests had no connection with expected May Day disorders. More than 1,000 were incustody.

A red flag discovered flying from an eight foot pole in a school yard was removed by a former lieutenant, and the Stars and Stripes substituted, while a crowd cheered "Hurrah for the proclamation to the capitalists" was printed on the flag. The police forced a number of persons to discard red roses.

A store keeper who had built outside his shop a representation of a prison cell wall with a photograph of Eugene V. Debs behind the bars, was ordered to dismantle the display and a crowd was dispersed by the police.

West Side clothing workers participated in what they termed a "24 hour strike in protest against imprisonment of political offenders." But manufacturers said the holiday was recognized in all union contracts. Two thirds of Kansas miners were reported idle today. Handbills purporting to be the May Day proclamation to the capitalists, were distributed by the central executive committee of the communist party of America were found in Aurora, Ill., today. They lauded Bolshevik rule in Russia and urged American workers to "join in the revolutionary struggle."

At Tulsa, Oklahoma, aerial police guarded the city and oil refineries. Strikes were reported in Cincinnati, Rock Island, Ill., and in Western Canada. No disorder was reported on the Pacific coast.

## PROPERTY SOLD BY MASTERY IN CHANCERY

Master in Chancery Henry W. English sold at public sale Saturday three properties belonging to the Stryker estate. Edward H. Ranson purchased the store building at 221 South Hardin avenue for \$3,300. Mr. Ranson will immediately make some improvements in the building and will use it for an automobile garage. The residence property at 936 South Main street and the property immediately to the east, 120 East North street, were purchased by R. C. Taylor of Virginia for \$5,200.

## LOWDEN PLURALITY 84,551

Springfield, Ill., May 1.—Governor Frank O. Lowden received a plurality of 84,551 votes over Maj. General Leonard Wood at the Illinois presidential preference primary Tuesday, April 13, according to a compilation of the ballot returns made today by the secretary of state's office.

## WEATHER INDICATIONS AND TEMPERATURES

Illinois:—Unsettled weather Sunday and Monday, probably showers; cooler Monday.

The current maximum and minimum temperatures as recorded Saturday were:

English sold at public sale Saturday three properties belonging to the Stryker estate. Edward H. Ranson purchased the store building at 221 South Hardin avenue for \$3,300. ## THE BOYS AND GIRLS CAN HELP

The school garden activities are again being fostered by national and state governments, just as they were during the days of the war. The reasons are not the same for these activities, but when one studies prices it is very evident that the need is equally great. The boys and girls of the schools thru this garden program have the opportunity of contributing more than a mite of in-

fluence in solving the vexatious problem of living costs.

## TO HASTEN JUSTICE

One of the court procedure changes proposed at the constitutional convention will abolish the present grand jury system and a person accused under the criminal laws will be taken before a circuit court judge.

After a hearing his case may be referred to a jury of 12 instead of 23 and indictment will require nine out of the twelve. Not necessarily this procedure but some plan for speeding up juries and doing away with the unfavorable features of the grand jury system will have the approval of the people at the polls.

## MR. PALMER AS A PRESS AGENT

Nothing of a serious kind developed in the May day plot or threats against prominent citizens of the U. S. which Attorney General Palmer announced so spectacularly. However, Mr. Palmer was able to gain the front page of the newspapers all over the country, and so gained additional advertising in his campaign for the Democratic presidential nomination.

The attorney general is certainly a great press agent. He stands pat too, for notwithstanding the wholesale price of 31c for sugar he still maintains that the department of justice agreement with the sugar growers was a fine thing for the public.

## FARM LAND IS CHEAP

A year ago substantial increases in the values of farm lands were being recorded. The high point was reached last summer. There has not been in many instances any recession in values but there has not been during recent weeks any further upward tendency. But some men familiar with real estate values and farming conditions believe that values will go further upward. They declare that taking into account the present purchasing power of a dollar, that high class farm land is the cheapest thing on the market.

There is something to this theory if you compare \$300 land with the prices asked for some food stuffs and other commodities. The increase in farm land prices has not been nearly as great as in these other things.

## THE KALEIDOSCOPIC PRIMARY LAW

One good thing about the present primary law, if there are good features, is that one can find in the results most anything for which he looks. The advocates of the different candidates can interpret results as favorable to their favorites.

Wet and dry advocates can interpret returns as endorsing their views and friends and foes of the league of nations program can both figure out that the majority of the people is with them. But in reality this ability to interpret primary figures in half a dozen different ways is but another evidence of the futility of the law.

## THE CONTRACTORS WIN

The city of Chicago is in hard luck, or rather residents of certain streets there are, as the result of a court finding in which the record in preparation for the paving of a certain street was successfully attacked. Now the proceedings must be gone over and the property owners will not have the work done on the bids submitted a year or two since.

The great trouble is that the public improvement department is now expecting other contractors to take advantage of the court finding and thus in effect be able to withdraw the bids made before substantial increases in the cost of materials.

## FOR THE BENEFIT OF TRINITY

The women of Trinity church have announced a benefit concert to be given at the Woman's college next Wednesday evening, May 5, for the church building fund. A glance at the program will give proof that those in charge of the concert have been fortunate in arranging for a program of great excellence. Certainly the patronage for the concert will be generous, as the people have the opportunity not only of listening to a splendid program but at the same time adding a most worthy undertaking.

The building of this church edifice on its historic site is a distinct addition to the life and property interests of this city. It is interesting to note in this con-

nection that during the war period a number of war activities centered at the Trinity parish house and the women of the whole country always found the doors of the parish house open in this work and the women of the church very active in co-operating.

A number of members of the church were prominently identified with those war time activities and in fact a broad spirit dominates Trinity church and the influence of the rector and his people is not bounded by denominational or church lines, for they include all Jacksonville in their interests. People can well express appreciation of these facts by liberal support of this concert effort.

## THE BOLSHEVIST TALKS PROGRESS

(From the Wall Street Journal.) Nobody will accuse John Spargo of being anything but a convinced Socialist. But he has not abdicated his reason to Bolshevism, and his remorseless analysis of the three successive steps so far achieved in Russia, as published in the May number of Harper's, is more damaging and convincing than anything which could be written by those who have foreseen the logical consequences of applied Socialism. It is true that the burnt child dreads the fire. But he does not dread it until he has burnt his fingers.

There were three successive stages in Russia. The first was called "All Power to the Soviets," the Soviet being a self-elected minority council of soldiers, workmen and peasants. These were in no sense representative. They were in the factories exactly what applied Socialism develops anywhere, government by an organized and militant minority. Wherever this control became effective the business of the factory was destroyed. This system was consequently abandoned by Lenin, who then instituted, as a second step in the Bolshevist Rake's progress, what is called "Syndicalism."

This was a system of government by trades, regulated by a corrupt and incompetent bureaucracy. The result was most logical and has an extraordinary appositive bearing upon the "one big union" for our railroad workers, amounting in practice to the Plumb plan. It gave overwhelming power to what are called key industries, as, for instance, transportation. The result was a mixture of bureaucracy and chaos, with defiant and dictatorial strikes of the railroad men which had to be suppressed by a slaughter of the most merciless character.

Even if syndicalism would have worked, it became obvious that bureaucracy would paralyze anything like efficiency, to say nothing of profit. Lenin then entered upon a third stage. The detested bourgeois, meaning everybody above the rank of workmen expert in organization, management, production and distribution, were called back in a hurry and named their own salaries. Bureaucracy was still rampant,

and it is amusing to read in Mr. Spargo's account of one city of 140,000 inhabitants and 41,000 officials, mostly spies. But there was instituted the efficiency of forced labor, with the two things to which all unionists object, long hours and piece work.

With intelligent management in every department of production and that salesmanship which all socialist schemes utterly ignore this might result in economic efficiency for Russia with a wage slavery no capitalist ever conceived. But would our union workers be willing to pay the price? Here is what Socialist John Spargo says, and for once, at least, our readers will warmly agree with him:

"As one of the millions who have seen in Socialism the hope and the promise of a larger individualism, I frankly admit that I would rather be hungry in any capitalist nation I know of than be ever so well fed in such a servile Utopia. Better rags and a crust of bread with freedom, than fine raiment and rich fare with servitude."

## CRAZY TIMES

Strike, and the world strikes with you, work and you work alone; our souls are ablaze with a bolshevik craze, the wildest that ever was known. Grow, and there'll be a chorus, smile, and you make no hit; for we've grown long hair and we preach despair, and show you a daily fit. Spend, and the gang will cheer you, save, and you have no friend; for we throw our backs to the birds and ducks, and borrow from all who'll lend. Knock, and you'll be a winner, boost, and you'll be a frost; for the old sane ways of the pre-war days are now from the program lost. Strike, and the world strikes with you, work, and you work alone; for we'd rather yell and keep raising Hannibal, Mo., than strive for an honest bone. Rant, and you are a leader, toil, and you are a nut; 'twas a bitter day when we pulled away from the old time workday rut. Wait, and there'll be a blow-up, watch, and you'll see a slump; and the fads and crimes of these crazy times will go to the nation's dump.

## INDEES WILL WORK OUT THIS AFTERNOON

Two Teams Will Play Seven Inning Game at New Park — Beardstown Grays Will Be Here Next Saturday.

Unless rain interferes, the Independents will take a workout at the new park this afternoon. Manager Smith has ordered all men to report at the park in uniform at 1:30 o'clock.

Manager Smith will divide the men into two teams and will stage a seven-inning game. With men trying for places on the team, the affair should be full of "pop," the none of the men have had much work, owing to the weather. If good weather holds this week, it is expected to have the field and stands completed by Friday.

The opening game will be played Sunday, May 9. The Beardstown Grays will be the opponents of the Indies on this occasion. The Grays have one of the strongest teams in this part of the state. Last year they played a 12-inning game with the Indies.

## More About Overalls

In our advertisement last week we told you our opinion of the Overall Fad. Just read the following dispatch from the Chicago Herald and Examiner:

**MAKES A MILLION IN OVERALL FAD**  
By F. C. BERTELLI.  
Herald and Examiner-Universal Cable

PARIS, April 25.—Flashing like a meteor into Paris, loaded with more diamonds than the late "Jim" Brady, and scattering handfuls of bills with the prodigality of "Million Dollar" Gates, Johnny Sorenson of New York, the first overall millionaire, who has just sold out his interest in the big overall factories in Newark, N. J.; Schenectady, N. Y., and Buffalo, N. Y., at a thousand per cent profit arrived at Claridge's grabbing the royal suite a moment before Prince and Princess Christian telephoned requesting reservation.

At the Longchamps races today Sorenson announced he was going to Monte Carlo Thursday to "break the bank," and then as an inspiration, he sent a thousand franc note to the orchestra leader with the request to play nothing but the latest American jazz.

"The overall campaign in America is the biggest publicity stunt ever pulled off," said Mr. Sorenson.

"It originated in the brain of a New York reporter, who, seeing the possibilities of the 'story,' went to the biggest overall firm in the country and put the scheme in operation. He got \$10,000 for the idea and was given a job at the head of the firm's publicity department.

"The stock of my company bounded from 43 to 600 in a few days after the idea was sprung on the public. At the psychological moment I sold out and grabbed the first boat for France to get a cocktail."

## Our Advice

Have your clothes made to order. Choose good materials, and get two pairs of trousers with every suit. This is true economy as it enables you to get the full wear-value of your suit and you buy much less often. Stay away from "Fads." Some "interest" always is back of them and they serve only to increase expense on some one else.

We invite you to call and inspect our new woollens for summer wear, and learn our prices.

## J. C. PENNY STORE HAD OPENING

Big Rush of Customers at New West State Street Establishment.

The J. C. Penny Co. store in the Gallaher block, on West State street, was opened to the public Saturday. The date had been thoroughly advertised and the store had a rush of business all thru the day and until a late evening hour. The throng of customers was so great that some of them could not be waited on promptly, a fact that Manager H. K. Dorr regrets. Extensive improvements have been in progress in the Gallaher block for several months past in preparation for the opening of this store. Two rooms have been thrown into one, and ample space is afforded for the several departments.

The Penny Co. operates nearly 300 stores in the United States and as a result the store management has unusual buying opportunities. It is the claim of the company that lower operation costs permit them to sell at advantageous prices, and that the public will benefit. The opening proved a very interesting event for hundreds of customers, and the store has started auspiciously with its Jacksonville business.

## DO YOU KNOW

that the services at Grace church are as follows: Sunday school for all ages at 9:30 a. m. Preaching at 10:45 a. m. Epworth and Junior League at 6:30 p. m. and every service full of interest and instruction. Sunday school for instance. Very efficient superintendent and teachers and very interesting at present on account of the women and girls and men and boys as to attendance.

One half or two thirds of the church membership should be in the Sunday school if for no other reason, as an example for the young, and the good to be derived therefrom. Come to Sunday school and bring a smile with you and the preaching service is not excelled in the city. Gospel sermons and to the point. Come to that service, and do not forget the smile there, and you will be greeted with a smile and glad hand shake. Do know that smiles are very contagious. Try it!

## LYNNVILLE SUNDAY SCHOOL OBSERVES MAY DAY

Lynnville, May 1.—The Lynnville M. E. Sunday school held the Annual May Day at the home of Fred Scofield today. There were about 150 present. People came bringing their dinners in baskets, they spent the afternoon in all kinds of athletic games and playing on the swings, the merry-go-round, and trapeze, which were put up for the occasion. There was a May Day dance and Miss Fern Potter was crowned May Queen. Fred Masters and Yates Potter as minstrels furnished a lot of amusement.

## TEACHERS GUESTS AT BROWN'S BUSINESS COLLEGE

A large number of teachers of Morgan county and adjacent territory visited Brown's Business college Saturday, to view exhibits of work done by students of the college.

A special invitation had been issued by the management to teachers for this event, and the teachers who called were greatly interested in the exhibit. The day had been arranged partially to give teachers a better understanding about the special summer course that is offered to teachers at the college.

## Joseph Duncan Homestead

### Passes to D. A. R. Ownership

Saturday morning, in the office of Judge E. P. Brockhouse, the transfer was made of the deed of the Governor Joseph Duncan homestead, known as the Judge Edward P. Kirby residence, to the Rev. James Caldwell Chapter of the Daughters of the American Revolution. The transfer of this property marked an interesting historic event, an event linking pioneer days of the state of Illinois to the twentieth century.

The preservation of the Duncan homestead as a permanent historic residence is the outgrowth of the Illinois Centennial Celebration, held in 1918. In April of that year Mr. Horace H. Bancroft, assistant director of the Illinois Centennial Celebration, was invited to deliver the address before the annual meeting of the Quincy Historical Society at the Governor John Wood home, in Quincy. The Governor John Wood Home was secured by the

The Governor Duncan Memorial Home

Quincy society by means of a memorial tablet plan commemorating the pioneers and early residents of Quincy and Adams counties.

Mr. Bancroft made inquiry as to some of the details of the tablet plan of purchase and upon returning to Jacksonville suggested to Mrs. E. P. Kirby the possibility of the ultimate disposition of the Duncan-Kirby homestead for and historic home. Mrs. Kirby expressed interest in the plan and stated that it would be a source of gratification to her and that she felt it would be to all to whom the place had been so dear in association and memory, to have it preserved for historic purposes, but felt that she could not in any way take the initiative in the project.

At this same time the subject was broached to Miss S. M. Fairbank, who was the Centennial representative for the Twentieth Congressional district of the State Federation of Woman's Clubs, and the suggestion made that some organization of women should preserve the homestead as a historical museum, and that the Rev. James Caldwell Chapter D. A. R. was the logical owner. There the matter rested for a number of months.

On September 23, 1919, thru the courtesy of Mrs. E. P. Kirby, the first meeting of the D. A. R. for the year 1919-1920 was held in the Kirby home, in the same rooms that saw the organization of the Rev. James Caldwell Chapter in 1896. At this meeting, by invitation of the chapter, an address on the "Life and Public Service of Joseph Duncan" was delivered by Horace H. Bancroft, and the tablet plan briefly outlined. By unanimous vote the chapter authorized tentative measures to be taken to see whether there was a possibility of the purchase being made and a committee appointed for this purpose.

The first response of 25 people—pledging \$100 each to have the name of some ancestor and pioneer resident of Morgan county inscribed upon the tablet panel—encouraged the chapter to appoint a tablet committee to canvass for tablets.

The success of the enterprise from the first has been a surprise and joy to the chapter and to all others interested in preserving this home of a remarkable pioneer governor of Illinois. An option was subsequently taken on the property by vote of the chapter and the option was closed December 1, 1919.

Under the able leadership of Mrs. Sarajane Mathews Brown, a concert was given by Mrs. Grae Wood Jess, at Illinois Woman's College that netted a sum sufficient to pay all expenses of the campaign—printing, postage, incorporation fees, etc., and no money for tablets has been devoted to expense.

A total of 155 subscriptions at \$100 each has been secured by the tablet committee and a large number of additional subscriptions are in prospect. Mr. Gates Strawn early evoked a deep in-

## REV. A. A. TANNER BUSY

The flying visit of Rev. A. A. Tanner was much enjoyed by the friends who were enabled to meet him. He has been studying conditions along his favorite line for some time past among the workshops and factories of the east and the present month he will rusticate on his farm in Colorado. Beginning with June first he has engagements to lecture all over the country practically every evening with preaching on Sunday up to the middle of September. He is surely a busy man and he has reason to feel that his efforts are productive of much good.

## REMOVAL

Justice of the Peace Opperman has moved his office to 211½ West Morgan St.

## NOTICE

To persons concerned please remove surplus dirt around graves in Concord cemetery. By order of trustees.

## CRUEL VANDALISM

It seems almost incredible that any one could be so lost to all sense of decency as to mutilate the flowers about the last resting place of the dead as mentioned in the Journal yesterday morning yet such is the case. Once in Diamond Grove cemetery at the head of a baby's grave a headstone with a lamb on top was placed when some miscreant mutilated the lamb so that the whole had to be removed and a new headstone placed instead and that time it was of granite and of such construction that it could not well be marred.

In the first ward playground, vicious persons seemed to take delight in wrecking the apparatus and for no possible cause for no one had been treated unkindly or had any cause for offense been given any person.

EQUIPMENT AT  
Y SOLD SATURDAY

All Furnishings Are Auctioned Off—Good Prices Prevailed.

A public sale of the furnishings of the Y. M. C. A. was held at the building Saturday. The sale was largely attended and good prices prevailed.

Before the sale started Dr. Walter E. Spooner made a brief talk. He explained that the association had sold its present quarters to the Elks and temporary quarters would be established for a time in the Scott block.

The speaker said the funds secured from the sale would be used in the purchase of a new and better building and urged that the bidders be generous.

Charles M. Strawn was then introduced as auctioneer and put the sale thru in a satisfactory manner. R. C. Reynolds served as clerk.

Secretary F. Pender of the association wishes thus publicly to express his appreciation to Mr. Strawn and R. C. Reynolds, clerk, who devoted their services.

CONSERVATORY  
SPRING FESTIVAL

The Illinois College Chorus will present on Thursday evening, May 13th the comic opera, "The Mikado or the Town of Titipu." The performance will be at the Grand Theatre with costume and will take the place of the usual Spring Festival Concert. The entire cast, with the exception of Mr. Harold R. Ray, tenor soloist, is selected from the student body of the College and Conservatory, and the baton will be in charge of Mr. Charles Keep, head of the Voice department of the Conservatory. All of the members of the two college glee clubs are acting either as soloists or chorus members, while the accompaniment will be played by the Conservatory Orchestra.

The work chosen for performance of "The Mikado" has been the most successful of the long series of successes from the pens of Sir Arthur Sullivan and W. S. Gilbert, having made a continuous run of two years both in London and New York. It is a first-class comedy, and has triumphantly revived many times since it may be said to be the best comic opera ever written with English text. Gilbert's satire and feeble rhythm are matched by Sullivan's delightful melody and piquant orchestration, while the plot has both interest and originality. As in most of the other comic operas collaborated on by these two, the satire of the text is directed at some social or human foible, public or individual. In "H. M. S. Pinafore," the navy is the butt of ridicule, in "The Pirates of Penzance," the army and police. In "Iolanthe," the houses of Parliament, in "Patience" the aesthetic craze, etc. In this opera the reference is not so specific, many weaknesses of human nature—weaknesses prevalent the world over—are exposed to the light of a kindly satire, all the characters being Japanese, but the spirit of the libretto as well as of the music is entirely Anglo-Saxon, scarcely any attempt being made to keep up an Oriental atmosphere.

Following is the cast of principals: The Mikado of Japan, George Gunn; Nankipoo (his son disguised as a wandering minstrel, in love with Yum-Yum), Mr. Harold H. Ray; Ko-Ko, (Lord High Executioner of Titipu), Mr. Charles Campbell; Pooch-Bah, (Lord High Everything Else), Mr. Robert Shoemaker; Pish-Tush, (A Noble Lord), Mr. Carlyle Antrobus; Yum-Yum, Pitti-Sing, Peep-Bo (three sisters, wards of Ko-Ko), Misses Edna Hackett, Lorine Deweese and Ethyl Hughes; Katisha (an elderly lady in love with Nanki-Poo), Miss Ruth Melba Armstrong. The chorus is made up of School Girls, nobles, gourds and coolies.

The entire production is in the hands of Mrs. Winifred Kates James of Bloomington, who staged the very successful performance of "The Chimes of Normandy," given in the spring of 1917. Mrs. James' experience in mounting plays and comic operas has been very wide, and her personality equips her particularly well for such work. She has just produced a play "The Tyranny of Tears" for the Mask and Gable Dramatic Club of the University of Illinois, giving three performances with large audiences and receiving the highest praise for her training of the students in this by no means easy comedy.

The opera is in two acts, as are most of the Gilbert and Sullivan operas, and the scenes are courtyard of Ko-Ko's residence, and the garden of Ko-Ko respectively. Following is the story in brief: Nanki-Poo is in love with Yum-Yum, who is betrothed to her guardian, Ko-Ko, Lord High Executioner, Pooch-Bah, retailer of state secrets at a low figure," tells Nanki-Poo of his sweetheart's betrothal to another, but the young man secures an interview with Yum-Yum and confesses that he is the Mikado's son, disguised in the hope of escaping punishment for his refusal to marry Katisha. Ko-Ko receives a message from the Mikado, telling him that he must be headed within a month or he will lose his position, which message interferes with the Lord High Executioner's matrimonial plans. Nanki-Poo agrees to sacrifice himself if he may marry Yum-Yum and have her with him during the intervening month. This is agreed to and the wedding plans are made.

At the opening of the second act Yum-Yum is preparing for the ceremony. While talking with Nanki-Poo she is interrupted by Ko-Ko, who tells her that according to the law, when a married man is executed his wife is burned alive. The news coils Yum-Yum's ardor, but Nanki-Poo have her, swears that he will that day perform the Happy Dispatch, or hari-kari. As this would be dangerous for Ko-Ko, he promises in alarm to swear falsely to the execution of Nanki-Poo.

The Mikado now arrives and Ko-Ko tells him the execution has taken place, but the Mikado, on learning who the victim is, flies into a rage and tells Ko-Ko he has beheaded the heir to the throne, and must himself suffer torture for the act. However, Nanki-Poo opportunely appears, and Ko-Ko gains pardon by marrying Katisha, while Yum-Yum and Nanki-Poo are happily united.

It is beginning to be recognized that the Gilbert and Sullivan operas are pure English classics—not in the sense of being dull—but because they are national and possess those qualities which will cause them in the future to be valued equally with the comedies of Shakespeare. The Mikado is undoubtedly the greatest of these, and curiously enough, it was this opera which first anticipated the rise of modern Japan, altho its characters are by no means Japs, but ourselves—and in very this disguise. This charming travesty of Japan has been the greatest popular favorite of all comic operas since its first production in

Mr. Keep has sung in the opera, taking the role of Nanki-Poo, many times, and has also played the flute in the orchestra when the opera was first revived under Sullivan's personal direction. This was at the Savoy theatre in London, where most of the Gilbert and Sullivan works were given their premiere.

The first performance in this country was at the Museum, Chicago, July 6, 1885, just a few months after the London production. It was given the same month in New York, and has been revived many times since.

## WOODSON SCHOOLS FINISH YEAR'S WORK

Basket Dinner Held in Basement of Christian Church—Social Time and Program Followed—Miss McCracken Will Not Teach at Woodson Next Year.

Woodson, April 30.—A most successful school year closed today with a basket dinner in the basement of the Christian church which was attended by over 100 pupils, parents and friends. J. Chester Colton, principal of the school furnished ice cream for the occasion.

Following the dinner a splendid program of recitations and musical numbers was given by the pupils. Each pupil was presented with a promotion certificate.

The school the past year has been in charge of J. Chester Colton, principal with Miss Jennie McCracken in charge of the primary department. At the close of the exercises both Mr. Colton and Miss McCracken spoke briefly, thanking the pupils, parents and friends for their hearty cooperation in the work which tended to make it such a success.

Mr. Colton has been engaged as principal for the coming year. It was with much regret that the community learned that Miss McCracken would not be here next year. She has secured a position in the school at Scottville near her home for the coming year. Miss Ruth Mellor of Murrayville has been engaged to take charge of the primary department in place of Miss McCracken.

## Farm Bureau Notes

The executive committee of the Morgan County Farm Bureau was in session Saturday and transacted a considerable amount of business.

Those in attendance at the meeting with County Agent Kendall were Charles S. Black, Charles A. Rowe, H. J. Rice, W. H. Crum, G. A. Leach, F. J. Blackburn and C. E. Drake.

The committee on equipment reported the purchase of chairs and some other furnishings for the office and the bills for the same were approved. The secretary reported fees collected from 997 Morgan county farmers who are members of the Illinois Agricultural association. The amount collected was \$4,985, and the secretary was authorized to send a draft for \$4,074.26 and receipted bills for \$910.74 to George A. Fox, the treasurer of the association. The treasurer set aside \$100 for incidental expenses of the coming month.

The secretary was authorized to send out notices for membership fees due from 1919, and those due from 1920 from members who did not sign up in the recent drive.

The question of purchasing an addressograph was discussed, but action was deferred.

The directors voted to increase the salary of the office secretary, Miss Short, from \$50 to \$75 per month, and made record of the fact that she is proving very efficient in the work of the office. Circular letters, together with cards for reply, will be sent to all members, to get their ideas on the question of establishing a farm bureau home. The directors went on record as favoring the following two proposals as a part of the constitution of Illinois, on which the people will later be asked to vote:

Section 1. Taxes shall be levied by valuation under general laws, and shall be uniform upon all property. The General Assembly may also provide for the taxation of incomes. Taxes on incomes may be graduated and progressive, and reasonable exemptions may be provided.

Taxes may also be levied by general laws on franchises, privileges and occupations, uniform as to the classes upon which they operate.

... In Relation to Land Credits  
Resolved, That the following shall become a part of the constitution of Illinois:

Section —. The General Assembly shall have authority to provide for the establishment, maintenance and administration of funds to be loaned upon the security of farm lands of this state, without reference to any limitations elsewhere contained in this constitution. Such farm loans shall be secured by mortgages or deeds of trust and shall be made only to persons who occupy and cultivate the lands as security. Reasonable preferences may be provided for honorably discharged persons who have served in the military or naval forces of the United States.

**FOUND LOCUSTS**  
Workmen busy on the site of the new high school building unearthed a great many locusts yesterday. As a result they now believe that the summer of 1920 will bring locusts and a certain amount of consequent loss of vegetation. It is the common theory that locusts come once in seven years.

## The Meaning of a Name in Buying Spring Clothes

In buying your clothes this Spring, it is very important that you know the name of the maker. You don't buy an automobile by the color it is painted, you want to know who made it. You want a product that will give you the greatest service for the price you pay. When you invest your money in Kuppenheimer good clothes you get just that. Their excellent tailoring insures enduring shapeliness and lasting service; further, you get smart, sensible style, choice, all-wool fabrics—in short, all 'round satisfaction.

## New Styles for Young Men

The new Spring Styles for young men represent the height of perfection in clothes-designing. The style creations in England and Italy have been recreated by the House of Kuppenheimer. They are developed in true "Yank" fashion, to gracefully fit the athletic forms of our robust, young Americans. Good value suits

### ANNUAL RECEPTION AT MANCHESTER

Junior-Senior Reception of High School Service (John M. Thomas—Other Manchester News. Roll Call—Monding suggests

Manchester, April 30—The annual Junior-Senior reception of the high school was held at the home of Lucile Hardy Thursday evening. The house was beautifully decorated in the class colors, green and gold and red roses, the class flower. Games and music were enjoyed during the evening. At a late hour a sumptuous three course luncheon was served, consisting of salad, chicken pie, mashed potatoes, peas, buns, brick cream and cake. The occasion proved very enjoyable for all present. Those present were: Mildred Lakin, Ada Cummings, Opal Roe, Mabel Blackburn, Ruth Blackburn, Erba Lakin, Leta Howard, Ruby Dean, Faye Greenwalt, Ellen Hester, May Robson, Lucile Hardy, Paul Lashmet, Vince Girey, Freeman Grant, Miss Mary Sullivan and Mrs. Lida Livingston.

and Mrs. George Hill and family have returned to their home in Topeka, Kans., and Harrison McMahan has returned to his home in Fairmount, Neb., after being called here by the death of their uncle, James Cooksey.

Miss Florence Lemon submitted to a minor operation at the Passavant hospital in Jacksonville Thursday.

Roy Krebaum of Virden was a business visitor here Thursday.

Mrs. Emma Fenstermaker is the guest of Miss Eva Gunn.

Funeral services for John M. Thomas, whose death occurred Monday, were held at the Methodist church Thursday afternoon at 2 o'clock, in charge of Rev. L. Bell of Decatur, assisted by Rev. Fred Peck, pastor of the Baptist church. Rev. Bell was formerly pastor of the Manchester M. E. church and his sermon was a high tribute of respect and esteem to the life of the deceased. A choir composed of Mrs. Alice Wallis, Mrs. J. H. Langdon, M. W. Story and E. L. Maine, with Miss Louise Pearce, as pianist, sang feelingly, the songs, "God Will Take Care of You", "Saved By Grace", "Rock of Ages" and "Sometime We'll Understand." The floral tributes were many and beautiful and were cared for by Mrs. Frank Piper and Miss Hattie Lemon. The bearers were: Guy Brown, Charles Greenwalt, C. H. Hester, Charles Brown, J. F. Travis and Walter Hanbark. Interment was made in Manchester cemetery.

Those attending the funeral from a distance were: Mr. and Mrs. A. C. Wells and son, Guy, and daughters, Mrs. Juanita Beck and Mrs. Ruth Armstrong; Mr. and Mrs. William Eagan, all of St. Louis; Charles Thomas of Sutter, Ark.; Mr. and Mrs. George Estler and son, Loren; Mr. and Mrs. Frank Piper, Mr. and Mrs. Edward Estler of Greenfield vicinity; Mr. and Mrs. T. ### LITERBERRY SCHOOL CLOSED FRIDAY

Pupils and Friends Enjoy Picnic at Schoolhouse—Other Literberry News Notes of Interest. Literberry, April 30—The pupils of the Literberry school enjoyed a picnic Friday, it being the last day of the term. At the noon hour a beautiful picnic lunch was served in the school house, all the good things to eat as usual on such an occasion being provided. Afterward several hours were spent in a very happy way, games of various kinds providing the amusement. Those present were given a treat of oranges and bananas, furnished by the teachers, Miss Margaret Chapman and Reagh Jennings. Both of those teachers have proven so capable that their services have been engaged for the coming year.

Those in attendance at the picnic were Mr. and Mrs. John W. Young and daughter Aileen, Mr. and Mrs. John Guy, Mrs. A. Ratliff and daughter Blanche Louise, Mr. and Mrs. Al. Chapman and daughter Marie, Mrs. J. C. McFadden, Mrs. O. M. Pefish, Mr. and Mrs. C. A. Beavers, Miss Georgia Lier, Miss Lella Maul, Mrs. Robertson, Mrs. W. W. Daniels and daughter Freida May, Mrs. Bert Olroyd and son Charlie Young, Mrs. Thomas Pierce.

Mrs. Stephen Norman and daughter, of Springfield, are visiting at the home of the former's sister, Mrs. W. W. Young.

Miss Marguerite Maul is a guest at the home of her aunt, Mrs. Fred Henderson, in Woodson.

Oak Ridge school, northeast of Literberry, closed Friday. It had been planned to hold a picnic on the occasion, but unfavorable weather made this seem inadvisable. Miss Georgia Campbell has been the teacher at Oak Ridge the past year, but the coming year she will teach at Manchester. Miss Farrell, of Murrayville, will teach the Oak Ridge school the coming term.

### With the Kobzy Safety Signal

Housed on Your Rear Left Fender in Plain View of the Driver Behind, You Notify the Car Behind Just What You Intend to Do

Rear end collisions are practically unavoidable unless a definite means is used to signal traffic behind. Arm signals fail in critical moments and are impossible in closed cars. When at the wheel you are always wondering what the car ahead will do. The driver behind is wondering about YOU. Leave no doubt in his mind. Let him know definitely, positively, without chance of misunderstanding.

The Kobzy Signal Operates on the Semaphore Principle—Visible from Front and Rear—Day and Night.

—Endorsed by Leading Motor Clubs  
There is no mistaking a Kobzy Signal. At the touch of your finger on the control lever on your steering post a "Stop," "Right," or "Left" signal snaps up on your rear left fender.

## BOSTON AND BROOKLYN BATTLE 26 INNINGS

Game Called By Darkness With Score 1 to 1—Breaks Major League Record—Both Pitchers Go Entire Route—Other Results

Boston, Mass., May 1.—Boston and Brooklyn battled 26 innings to a 1 to 1 tie today breaking the former major league record of 24 innings, established by the Boston Americans and Philadelphia, September 1, 1904, when Jack Coombs, of Philadelphia, defeated Joe Harris 4 to 1. It was a pitchers' contest between Joe Oeschger and Lon Cadore with honors in favor of the Boston pitcher. He allowed only nine hits and in sixteen innings the Brooklyn batters were retired in order. Oeschger has allowed only two earned runs in 55 consecutive innings this season.

The fielding was brilliant in the crisis. Olson saved Brooklyn in the ninth, when, with the bases filled and one out, he stepped Pick's grounder, tagged Powell and threw out the batter. In the seventeenth, a remarkable double play stopped Brooklyn. The bases were filled, and one was out when Elliott grounded to Oeschger. Wheat was forced at the plate, but Gowdy's throw to Holke was low and was fumbled. Konetchy tried to score from second and Gowdy received Holke's throw to one side and threw himself blindly across the plate to meet Konetchy's spikes with his bare feet.

Only twice did a Brooklyn runner reach third in the fifth when Krueger scored and also in the seventeenth.

Cadore was hit hard, but pitched superbly in many pinches. Boston threatened to score repeatedly, but Cadore's mates came to his rescue.

Brooklyn scored in the fifth on a pass in the sixth on Cruise's triple and Boeckel's single. Boeckel was thrown out at the plate, trying to score from first base on Maranville's double to right center. Hood making a remarkable stop. Cadore's interception of the throw and quick peg to Krueger just nipped Boeckel and made it possible to play the record breaking game, which also equals the mark of 20 consecutive scoreless innings made by Pittsburgh and Boston September 1, 1918, when Pittsburgh won 2 to 0 in the 21st inning.

# The MOLINE Tractor is Universal

24-Inch Separator Capacity

One man with one tractor does all field work from plowing to harvest

In many official public tests, the Moline-Universal Tractor has shown 47% and over above its factory rating of 18 H. P.

At Columbus, Ohio, in 1919 it officially developed 28.7 H. P., at the belt, which is 59.4% above its rated H. P. for belt work.

This 50% reserve power is controlled by an electric governor, so as to not permit of a speed variation of more than 50 R. P. M., from idle to full load, preventing racing and choking, under variations in load. No setting of the governor is required. It is accurate and dependable.

The belt pulley is conveniently located in front—free from any obstacles—and can be quickly tightened or lined up by simply moving the tractor.

If desired you can use the "drag behind" or horse drawn implements you now have with the Moline-Universal the same as with other types of tractors.

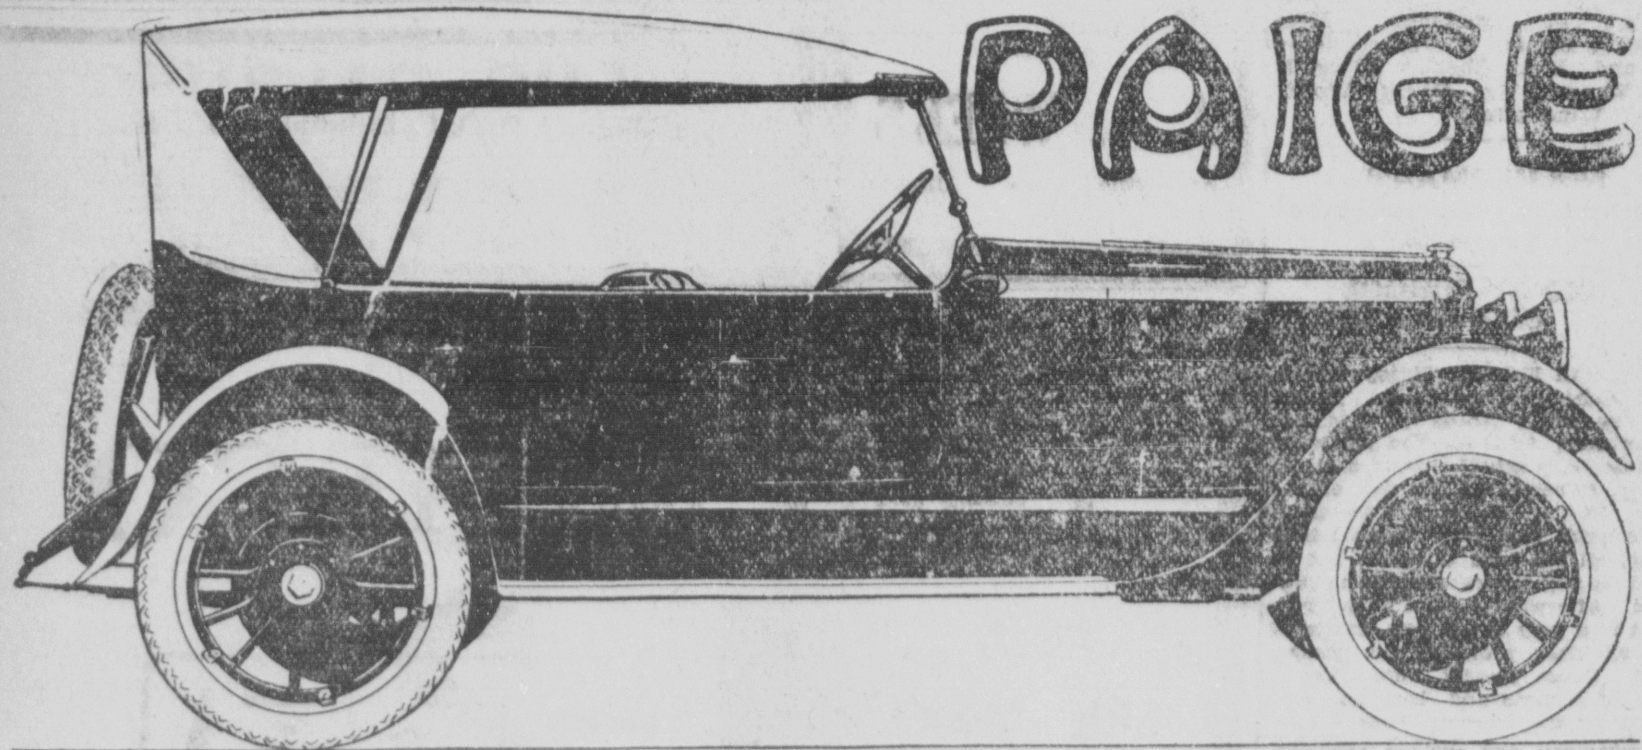

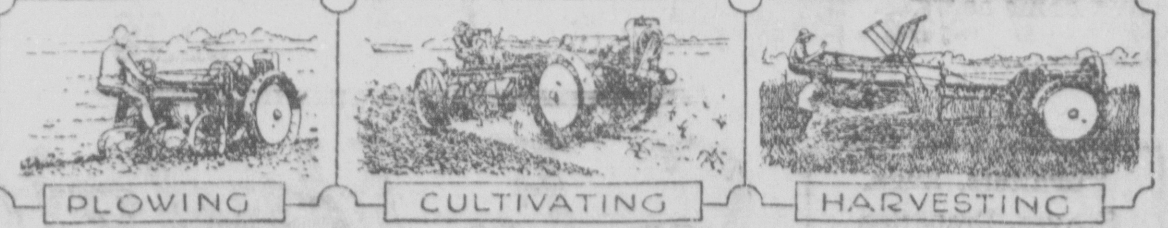

Here's what one man and a Moline-Universal Tractor can do in a ten-hour day:—

Plow 7 to 9 acres  
Disc 27 acres with a 7' Tandem Disc Harrow  
Disc 33 acres with a 10' Disc Harrow  
Harrow 76 acres with a 20' Peg Tooth Harrow  
Cut hay from 13 to 70 acres with a two-row Cultivator  
Drill 35 acres with a 10' Grain Drill  
Harvest 40 acres with a 10' Grain Binder  
Harvest 10 acres with a Corn Binder  
Mow 25 acres with a C' Mower  
Rake 40 acres with a 12' Rake

Our booklet on belt power data, showing correct pulley sizes and capacities, belt speed and lengths for various belt work, sent on request.

Use of the Moline-Universal Tractor for belt work this Fall will go a long way toward paying for it, in the amount of work done.

THE MOST BEAUTIFUL CAR IN AMERICA

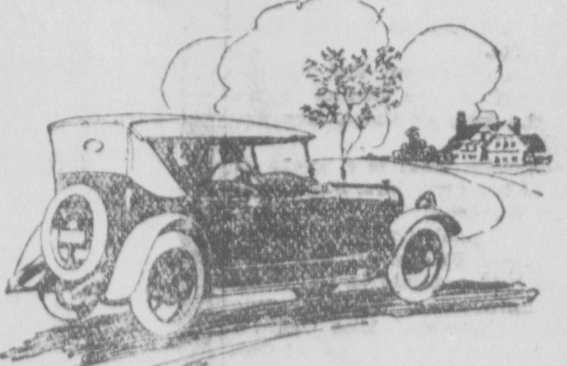

THERE has never been any doubt in the public mind about the five-passenger Paige Glenbrook.

From the very first it has been acknowledged—and quite properly—as setting a new standard of values in Light Sixes.

It appeals especially to those who have acquired the new American habit of thrift—who believe that true economy consists in getting the greatest values for the least money.

By this we do not mean that the Paige Glenbrook is, in any sense of the term, a cheap car. Its value is emphasized not so much by its conservative price as by the large measure of comfort and satisfaction received in return for the sum invested.

Because of noteworthy developments in chassis and motor, this five-passenger Paige is a car of outstanding mechanical excellence. And its advanced body design has endowed it with a roominess and comfort that are truly exceptional.

With the demand for the Paige Glenbrook far exceeding our utmost production efforts, a prompt decision is advisable. Orders placed now mean just so much more of the best touring season assured for your enjoyment.

## REACHES DECISION IN WHITE HALL CASE

Women Had Right to Vote in Formation of Community High School District — Condition of River at Grand Pass — Other News.

White Hall, April 30.—City Marshal T. E. Conlee is in San Antonio, Texas, this week, to testify before court marshal in the case against James Egan.

A session of industrial court was held at Roodhouse this week to take evidence in the Wilbert G. Kessie case. Kessie was run over and killed by a C. and A. train at White Hall, on November 13, last, and the widow has been endeavoring to collect damages from the railroad company under the compensation law on the ground that her husband was a track laborer. The railroad people contested on the ground that Kessie was not in line of duty when he attempted to board the train and fell under the wheels. The case was handled by Mr. Piece of the State Industrial Commission, the widow being represented by Doolittle and Greer. A number of White Hall witnesses testified. The decision will be made by the commission.

Judge Norman L. Jones decided this week that women should have been permitted to vote in the formation of the White Hall community high school district, and a hearing and pleadings have been set for June 1. Judge Jones will then make his final decision and if in harmony with his present decision, the case will be appealed to the supreme court. P. A. Whiteside, attorney for the board of education, contends that the women had no constitutional right to vote until the district had been formed, and this will be the basis of the fight for the establishment of the school. If the supreme court sustains Judge Jones, the next step will be to offer a bill to the legislature to validate the election, a course that so far has not been denied by the legislature in the case that have come before it heretofore. The net result of the proceedings will be delay in getting to work on the new school. Judge Thomas Kenshaw and Walter D. Chapman are attorneys for the petitioners.

The Illinois river at Grand Pass reached the crest of the flood stage for 1920 last Tuesday, 19 feet, 1 inch, and it has been slowly receding since then, the stage today being 18 feet, 7 inches. The highest stages since the C. and A. railroad bridge was constructed at that point was 20 feet, 5 inches, in 1883 and 1892. In 1897 it was 18 feet, 4 inches, and in 1904, 19 feet, 4 inches. These two latter stages did much damage by overflow, but since then the levee works have been raised and strengthened so that the high mark this year did not break thru. There is an accepted record stage of 26 feet, 1 inch, in 1844, and 24 feet, 5 inches, in 1858, but these stages were not put on record until after the building of the railroad bridge, in 1877.

J. R. Adams, adjutant of the G. A. R. post, announces that James H. Shaw, the chautauqua manager, will be speaker at the Decoration Day observance here. Mr. Shaw was in town last week, on business pertaining to the 150 White Hall Chautauqua, and he consented to fill the engagement. He spoke at Lincoln on the same date last year.

W. P. Strunk, the veteran C. and A. engineer, celebrated his 80th birthday anniversary last Saturday by an ingathering of only members of his family, at his home in Roodhouse. Mr. Strunk has not been on an engine since the coal strike, last fall, but he expects to be at the throttle again when business picks up so as to make his services necessary. He has had a most eventful career as a railroader since 1858, when he began as a machinist's helper in the shops at Altoona, Pa., and has been a fireman, wrecking boss, baggageman, train dispatcher, engineer, conductor and possibly a few other things within the category of railroad-ing. He has been with the C. and A. since 1880, serving a time as roundhouse foreman at Roodhouse, and has been running passenger engines since 1894. He is a familiar figure all over the C. and A. system and a genial old fellow to meet. He served in the Army of the Cumberland during the Civil War, and takes great pride in his G. A. R. connections. He has been a railroader for 62 years. The late Andrew Carnegie was dispatching trains at Altoona when Strunk began railroading.

## Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

## Hot Spot and Ram's-horn HAVE LIFTED CHALMERS to the Peak of Efficiency

Quality First

IN these days when "gas" is going up in price and down in grade through a shortage in supply the world over, consider these revolutionary devices: Hot Spot and Ram's-horn. They have lifted Chalmers to the very peak of efficiency.

They get amazing power out of low grade "gas."

When the raw "gas" strikes Hot Spot this device transforms it into a "cloud," very much like a drop of water striking a hot stove.

This "cloudy" condition makes just the right fuel for the engine.

Now the task is to get it quickly to the engine chambers for ignition before it can condense or "grow rainy."

This is where Ram's-horn performs heroic service. It has no sharp corners for "gas" to lodge against, is surprisingly short in length, and the velocity with which "gas" travels through this "tunnel" is estimated at one hundred miles per hour.

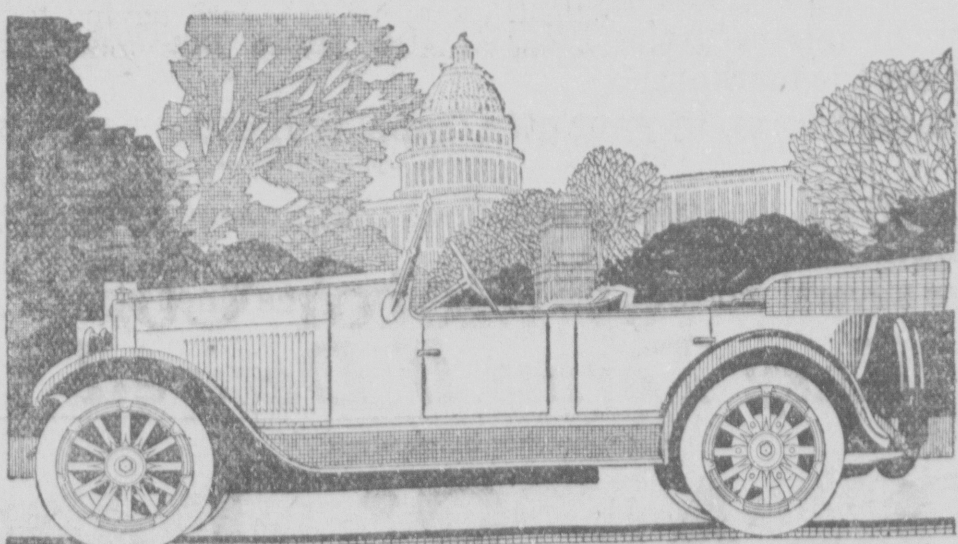

The results are two-fold. You get power with rare smoothness. You seldom experience such difficulties as fouled spark plugs, burned bearings, scored cylinders and the like, because "raw gas" cannot trickle down past the pistons and thus "cut" the lubricating oil in the crankcase.

These efficiency results have added to the impression that Chalmers is one of the few great cars of the world.

There are quite a few persons who continue to suffer in various stages of illness because they have failed to find relief through accepted health methods.

To these, especially, is Chiropractic recommended, for almost every so-called "incurable" trouble has responded under Chiropractic adjustments. Often relief has been obtained after all other methods have failed, and the patient had given up hope of health.

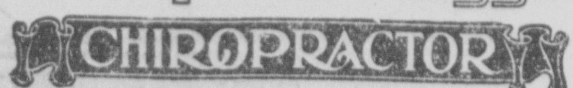

### Chiropractic Removes Cause of Disease

Chiropractic is a scientific, drugless method of removing the cause of disease. It proves that practically all illness is the result of spinal interference with the nerve forces of the body, and by a system of adjustments this obstruction is removed and normal conditions restored. Nature cures; health results.

will appeal to those progressive, free-thinking people who are in favor of a saner method of Health restoration, rather than through drugs and surgery. When ill, when feeling out-of-sorts, try Chiropractic (KI-RO-PRAK-TIC), the modern health way for men, women and children. Learn about Chiropractic now.

## Spring Is Here

Are you going to paint this year?  
Did you ever stop to think what a coat of paint on your house or outbuilding would do for you?

It not only improves the looks of your buildings but it preserves the lumber from the weather.

Ho woften have you driven by a place that was nicely painted and you commented upon the thrifty appearance of the property.

And while the old saying is "That clothes do not make the man" but in these latter years we all acknowledge that a well dressed man makes the best headway in this world, and so it is with your property, if it is well kept you will find that you have a higher standing in your neighborhood and among your associates.

We would call your attention that we have a full line of standard paints and oils for the interior as well as the exterior. Also a full line of brushes and painters' supplies, as well as a complete line of hardware, harness and farming implements.

## PLEASANT SOCIAL EVENTS IN BLUFFS

Mrs. G. W. Reese Entertains Friends at Sewing Party—Church Society Meets—Other Items of Interest.

Bluffs, May 1.—The Foreign and Home Missionary society of Bluffs met at the home of Mrs. E. L. Kendall Wednesday afternoon with thirteen members present. The meeting was opened by singing America. Scripture read, Mrs. S. M. Carver, Mrs. E. L. Kendall read letters on the work accomplished by Robert Moffet and David Livingstone, missionaries who had spent practically their entire natural life Africa.

"An African Heroine"—leaflet was read by Mrs. Anna Oakes. The sacrifice made by this little girl of ten years was marvelous. At the close of the program a social hour was spent during which a picnic prepared and appropriate luncheon was served by Mrs. Kendall and Mrs. J. C. Lewis.

On May 26 an even meeting and "silver tea" will be held at the M. P. church at 2:30 o'clock. Each member requested to be here, and bring at least one guest each with a view to securing their membership.

Mrs. G. W. Reese entertained ten friends at a sewing party at her sister's Mrs. W. E. DeLong of Homer, Ill. Mrs. De Long was formerly Miss Lena Christy, a former resident and her friends

were pleased with the opportunity to greet her on this occasion.

The Sweet Family, comedy and musical farce given at the opera house Thursday night under the auspices of the public school was a decided success and kept the audience in an uproar of laughter from the beginning to end.

The drill by the little folks was especially pleasing. The minstrel boys were also present and favored the audience with two selections. The Japanese girls with parasols, fans and with songs made a decided hit. The high school boys' quartette was appreciated and heartily applauded. Last but not least, the proceeds of \$70 will be applied to the grafanoia fund. Teachers and pupils deserve much credit and compliment for the pleasing entertainment and that which the public so greatly enjoyed.

The funeral of James Burbank was held at the family residence two miles south of Bluffs at 2 o'clock p. m. Thursday in the presence of relatives, old neighbors and a host of friends. The funeral sermon was spoken by Rev. E. J. Rees. Three vocal duets, unaccompanied, were sweetly and softly sung by Miss Faye Reis and Mrs. H. Carlridge. The beautiful floral tributes sent by relatives and friends were cared for by the following young ladies of the community: Misses Beatrice Morris, Dora Hauserman, Emma Kirby and Irma Berry. The bearers were his three sons, Oscar, Erwin and Joseph Burbank and three grandsons, Loren, Chester and Jesse Burbank.

Among the out of town attendants were J. E. Burbank, Des Moines, Ia. Henry Klockner, Springfield, Mo. Jesse Burbank, Chicago and Chester Burbank, Kas.

And you should come to my cold corpse and say,  
Weeping and heartsick, o'er my lifeless clay,  
If I should die tonight,  
And you should come to me and say  
That East State street had been paved  
I might arise in my large white cravat  
And ask, what's that?

If I should die tonight,  
And you should come to my cold corpse and kneel,  
Clasping my bier to show the grief you feel,  
I say, if I should die tonight,  
And you should come to me, and there and then  
Just even hint that the pavement was done,  
I might arise the while—  
But I'd drop dead again.

## CARNEGIE HERO FUND AWARDS MADE

One Silver Medal and Eleven Bronze Medals Awarded to Heroes by Carnegie Commission.

Pittsburgh, April 30.—One silver medal and eleven bronze medals were awarded to heroes today by the Carnegie Hero Fund Commission, in recognition of noteworthy acts by men and women who sought to help others at their own peril. Five of them died, while two were disabled. To these last the Commission made monetary grants, \$2,000 and \$80 a month in one case and \$1,000 in the other. The commission also awarded \$5,000 for other worthy causes.

The five who lost their lives were: R. William Donaghy, of 6102 Callowhill street, Philadelphia, who was drowned while trying to save a young man from death in Elk river at Townsend, Md., August 21, 1919; David M. Prince, 21 East Pine street, Goldsboro, N. C., drowned while trying to rescue a boy from a flooded road near his home, July 26, 1919; Frank J. Nagel, East 1004 Walton avenue, Spokane, Washington, drowned while trying to save a child from the North Branch of the Crow river at Kingstown, Minn., July 23, 1916; Paul K. Benedict, age 14, drowned while trying to save a younger boy from a creek at Hampton, Pa., June 26, 1919; William F. Carroll, 1717 Linden street, Brooklyn, N. Y., age 15, drowned while trying to rescue another boy September 21, 1919.

The silver medal went to Frank W. Roberts, chief engineer of the Masonic Home at Elizabethtown, Pa., who saved the lives of three young girls who while wading had got into deep water and were drowning.

The others to whom bronze medals were given were: Miss Lorion C. Hallett, an eighteen year old school teacher of 74 Lyndhurst street, Dorchester, Mass., who saved another teacher from drowning at Silver Beech, Mass., August 21, 1916; Dominick Fanno, 504 Division street, Elwood City, Pa., who saved two little girls from drowning at Zelienople, Pa., August 12, 1918; Robert Franklin Ivey, of Disney, Ky., who rescued a little girl from her burning home in Chaska, Tenn., November 24, 1905; Walter Ross, of West Spencer, N. C., who stopped a runaway horse and saved the occupants of a buggy; George Edward Peters, of 1765 South Seventh street, Columbus, O., who attempted to save a fellow workman who had come in contact with a heavily charged electric wire at Groveport, O., March 1, 1918.

Romanco resulted from the efforts of Miss Hilda M. Clark, of 2739 Maryland avenue, Baltimore, to save the life of J. Fitch King, a student at Huron, O., Sept. 7, 1916. King was seized with a cramp while swimming in Lake Erie and was rescued by Miss Clark, whose name now appears on the records of the commission as "Mrs. J. Fitch King."

## CONSERVATORY NOTES

The comic opera "The Mikado" will be given on Thursday evening, May 13, in the Grand opera house. Mrs. James, the stage manager, has been busy with rehearsals making extended visits to Jacksonville, to train members of the chorus and principals. There will be full rehearsals on Monday and Tuesday evenings, May 3 and 4.

The Advanced Students' recital, which was to be given May 4th, will be postponed till after the

performance of the comic opera. There will be a Students' Recital on Saturday afternoon, May 8, at 1:30 o'clock. The public is cordially invited.

Harland Moses played a violin solo at the Parent Teachers' meeting at the Third ward school on Thursday evening, April 29th. The recital given by Frank Collins, Jr., assisted by Nora Young, soprano, in Chandlerville, on Monday evening, April 19th, was very successful, both performers being encircled by enthusiastic audiences.

Alvin Wessler, of Arenzville, will compete in the Cass county contest, held Saturday evening, May 1, having made first place among the piano contestants at Arenzville last week.

Frank Collins received first place among the voice contestants in Virginia last Wednesday evening, April 28th.

An excellent program was presented by Phi Omega at their open meeting, held last Thursday evening, April 22. Members taking part were Misses Armstrong, Bradley, Duncan, Tripp, Van Tulle and Young and Messrs. Gunn, Moses and Hugh Wilson.

At the next meeting of the Phi Omega, Thursday evening, May 6th, a reading will be given, with musical accompaniment, by Wellington Rose. The annual election of officers will take place the same evening.

At the students recital given Friday afternoon, April 20th, the following program was performed:

## NOW FREE FROM PAIN

Lydia E. Pinkham's Vegetable Compound Frees Another Woman From Suffering.

Bayonne, N. J.—"Before I was married I suffered a great deal with periodical pains. I had pains in my side and back and also headaches, and got so weak I could not do anything. I took Lydia E. Pinkham's Vegetable Compound and soon felt better. Now I am married and have two little boys. Before the first one came I was weak and nervous, could not eat and was dizzy. After I took the Vegetable Compound I could work and eat. Now I am strong and recommend your medicine to my friends."—Mrs. ANNA SLEVA, 25 E. 17th St., Bayonne, N. J.

Women who recover their health, naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

If you need a medicine for women's ailments, try that well-known and successful remedy, Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

# Daily Market Report

## CORN AVERAGES

### LOWER IN PRICE

Chicago, May 1.—Corn averaged lower in price today, chiefly as a result of improved weather conditions. The market closed unsettled at a range varying from 2% decline to 1/2 advance. Oats finished 3/4 to 1/2 up, and provisions at a setback of 2% to 50c.

Warmth and sunshine likely to promote farm work gave thrust to the session more or less advantage to the bears in corn. Besides lightness of banking credits counted as a factor in lowering grain value, and so, likewise, did almost complete absence of shipping demand from the east, together with liberal estimates of cereal reserves in first hands. Selling, however, was not of an aggressive character and there was little hindrance to rallies. In the last part of the day, especially, week-end adjustment brought about some moderate advances, but they failed to hold well and during the final trade the longs showed considerable evidence of increased willingness to liquidate.

Scarcity of supplies here put strength into the oats market. Prices for cash oats were the highest on record. Oatmeal sold on the basis of \$90 a ton as horse feed.

Provisions were weak, owing to heavy deliveries on May contracts, and in particular, pork. Moreover, it was correctly anticipated the monthly warehouse statement would be bearish.

### ILLINOIS WOMAN'S COLLEGE NOTES

Plans for May Day are rapidly taking shape. The program will be on Monday, the 17th of May, and it is expected that this year will witness the largest crowd that has ever attended the May Day exercises, providing the weather is favorable; it is expected friends will come from a radius of twenty-five or thirty miles. The program will be announced a little later.

Interesting reports come from President Harger, who is attending the meeting of the general conference in Des Moines. The days preceding the opening were most strenuous ones, and the time was fully occupied by the various meetings of the committees getting up the final report.

Miss Laila Skinner of Buffalo, New York, is a guest at the college. Miss Skinner has been out of school this year but expects to take up her work again next September. While in the college she was very active in all the student affairs and was one of the most brilliant music pupils that the college has had in a number of years.

The team from the Intercollegiate Prohibition Association was at the college Tuesday and spent the day in conferences with the students. At chapel the address was given by Rev. Dr. Williams, and was greatly enjoyed by both students and faculty.

Faculty and students of the college have been busy during the last few days acting as judges in various high school contests. Friday night Miss Nelle Lindley and Marjorie Taylor were judges of the work in music at the Winchester high school, while Miss Mona Ramsay was one of the judges at Petersburg in voice and piano. Friday night also, Miss Gladys Sargent, Suzanne Rinehart and Esther Harper gave an entertainment at the Sinclair church, Thursday night. Miss Jeanette Powell, of the faculty, Miss Esther Harper, Miss Mary Rose Adams, and Miss Gladys Chase went to Carlinville to act as judges in declamation and in music at the contest held in that city.

Miss Vertel Black was called home suddenly by the illness of her mother. Word has not yet been received at the college when Miss Black will return. Work in swimming will be resumed immediately on final word from her giving the time of her return.

Mr. Fred Kingdon of Kansas City, was a caller at the college on Tuesday. Mr. Kingdon formerly lived in Waverly and has quite a large circle of friends in and around Jacksonville. His daughter, Miss Ella, with a friend of hers, will enter the Woman's College next September as Juniors, having completed the work in the Kansas City Junior College.

The Department of Household Arts is planning a unique exhibition to show the work of the students during the school year. Full announcement will be made in regard to this within a few days.

### AUTOMOBILE PARTY.

Arthur Clark and six more people with him, rolled into the city Friday night by automobile after an extended tour through the east. They left yesterday morning with sails set for their homes in Oklahoma, City, Okla.

### COLLEGE OF MUSIC

Miss Moore, Miss McCammon and Miss Lazelle gave a program for the D. A. R. at their meeting at the residence of Mrs. E. E. Crabtree on Tuesday afternoon.

Miss Gladys Sargent, pupil of Miss Lazelle, has recently signed a contract with the Century Lyceum Company for next season, as soloist with a Ladies' Orchestra, on an eight months' tour.

The Glee and Madrigal Clubs will give choral numbers at the American Day celebration at the Opera House this afternoon.

Miss Maeryta Poole sang a solo at Grace Church last Sunday.

Miss Olivia Monroe, one of Miss Lazelle's Springfield pupils, will sing on one of the Repertoire Programs of the Illinois Music Teacher's Convention, to be held in Springfield May 11-14 inclusive.

Several students of the College of Music have been asked to act as judges at county musical contests this week.

Miss Gladys Chase and Miss Mary Rose Adams went to Carlinville, Miss Marjorie Taylor and Miss Nelle Lindley to Winchester, and Miss Mona Ramsay to Petersburg, to act in that capacity.

A company composed of Miss

Gladys Sargent, pianist and singer; Miss Suzanne Rinehart, violinist, and Miss Esther Harper, reader, gave a program for the Hebron church at Sinclair Friday evening, and will give one at Arenzville the evening of May 6th.

Girls for candleling eggs and wrapping butter; light work, good pay. Apply to Supt. Swift & Co.

### WILL OBSERVE MEMORIAL DAY TODAY

The traveling men of Jacksonville, under the auspices of the U. C. T. and T. P. A., will observe their annual Memorial day this morning at Northminster church. The pastor, Rev. Walter E. Spoonst will preach the annual sermon. Delegations will leave the Pacific and Douglas hotels at 10:45 a. m. and march to the Dunlap house. There they will meet another group and will march in a body to the church. All traveling men in the city, whether members of either organization or of none are expected to attend.

## "Simoniz"

Makes the Old Car Look Like New!

Positively produces most wonderful results.

Cars Stay Bright when Simonized.

SIMONIZ is not a Paint or Varnish, but a pure vegetable compound. When applied it provides a hard dry velvet veneer or coating over the surface that protects and keeps rain, mud, dust and other destructive elements from reaching the finish. Mud splashes and dust when dry can be wiped off the Simoniz without injury.

SIMONIZ KLEENER is a neutral compound that removes all stains, scums and dullness and prepares the paint or varnish for the Simoniz. Kleener need not be used on a new clean surface.

The Simonized Surface Requires no Washing
